Welcome back

Welcome back and may we wish you a prosperous 2008. We trust that you enjoyed your holiday and had a safe journey.

QBCon is of to a flyer and with new projects and an even greater resolve to live up to our slogan to *innovate, customise and evolve*. We are working on our customer relationship strategies and will soon be providing you with more information resources and communication channels. We hope the QBCon Herbs we gave you survived the festive season. Check the progress of some of the other plants on our website (www.qbcon.com) and special herb blog. Don't forget there is a prize for the plant that shows the most growth by the end of April 2008.

We hope you achieve all your goals and exceed your targets and dreams in 2008.

The QBCon team.

QBCon lubricates the wheels at Brent Oil

If billing and costing is at the heart of any operation's profit then the oil and fuel reseller, Brent Oil, has made the perfect choice. QBCon, a business solution provider, is one of the few companies able to design the custom billing and costing ERP that can accommodate Brent Oil's unique trading environment. [Read more...](#)

Website updates

QBCon Clients: The QBCon website has been updated and a page has been created to feature existing clients.

QBCon Thought Leaders: This updatable page is on the QBCon website and consists of all the individuals QBCon identifies as thought leaders in their

specific fields of expertise. We are rapidly adding to this list.

Europ Assistance: QBCon completed the user requirements specification for an Incident claim management system as specified by the Call Assist, Medical and Legal Divisions of Europ Assistance South Africa. QBCon invited Florent Secula from Europ Assistance, France to discuss the Incident Claim Management System in a three day meeting.

QBCon EasyAsk Breakfast

As a registered EasyAsk Application Partner for Progress SA, QBCon will be having a Breakfast session on 20 February 2008, at Emperors Palace. Speakers from some of South Africa's top companies will explain the value of business intelligence.
